

Absolute bias of β estimates across methods and correlation setting

CC_UN FULL_UN MICE_UN OBS_UN

Relative efficiency of beta estimates vs FULL_UN across correlation s

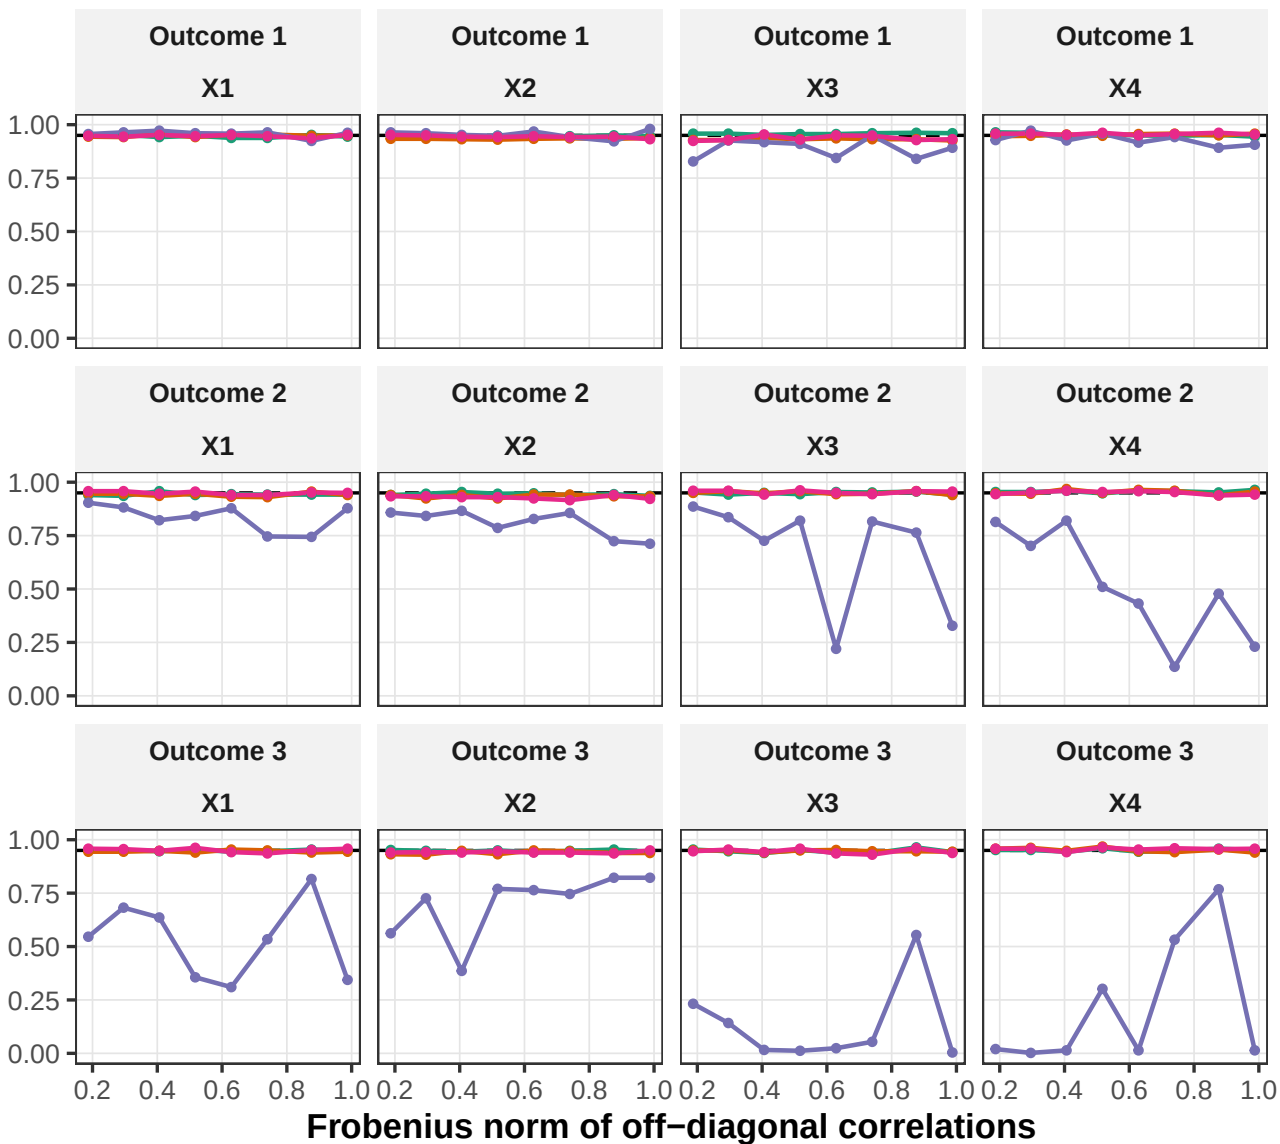

CC_UN FULL_UN MICE_UN OBS_UN

Average of nominal 95% Wald CIs for beta by method and correlation

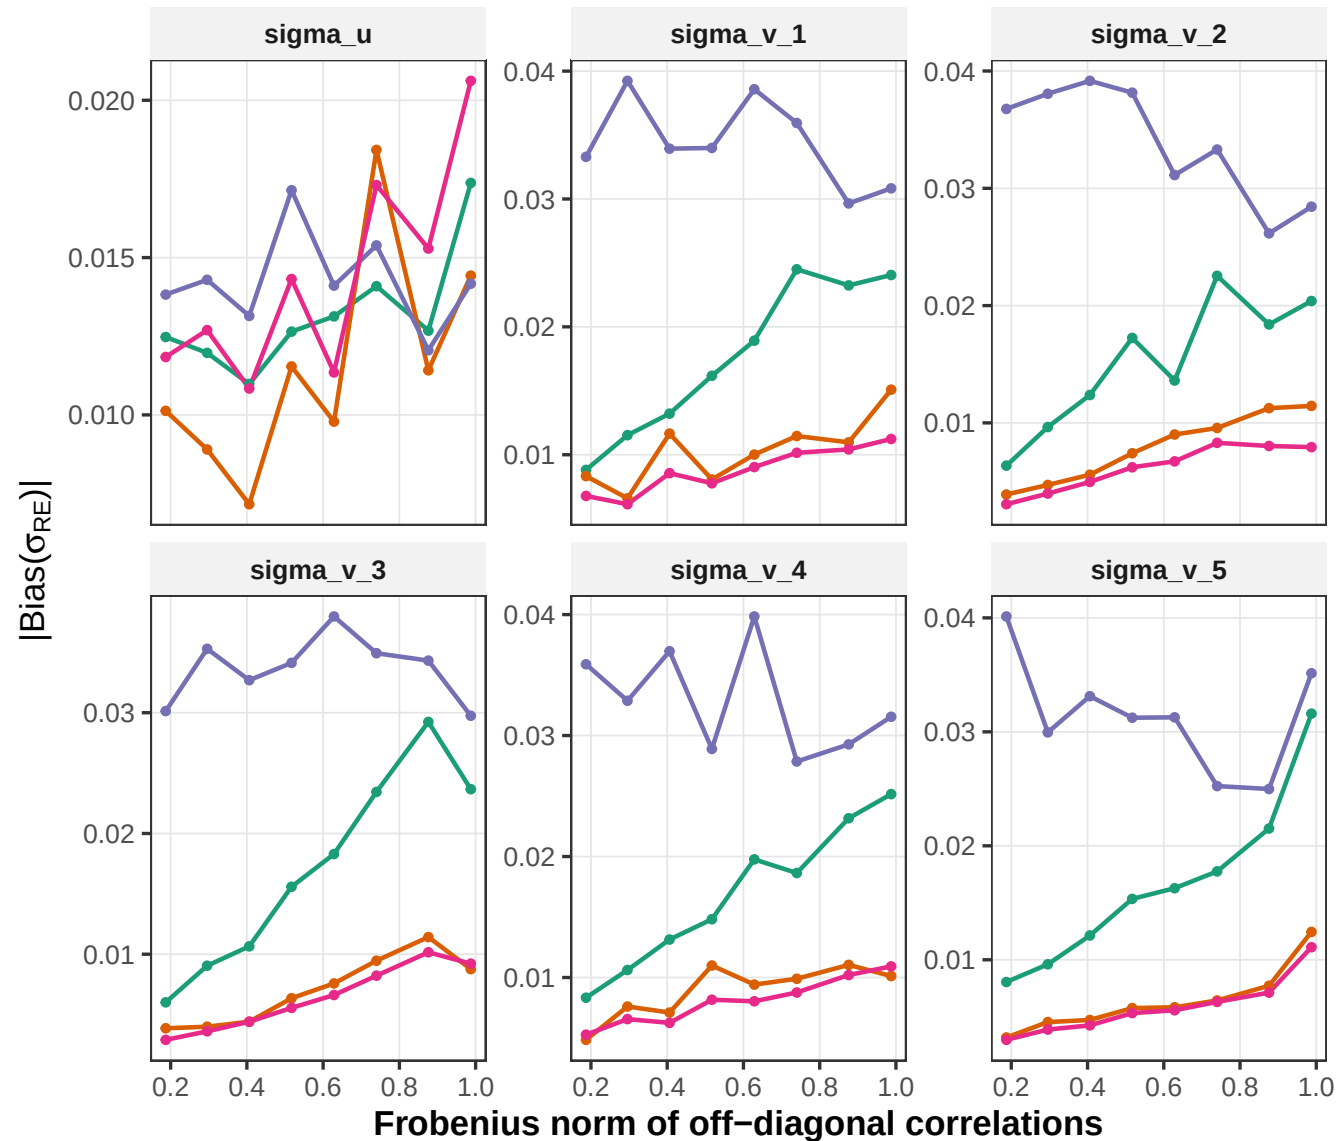

CC_UN FULL_UN MICE_UN OBS_UN

Empirical coverage of 95% CI for β

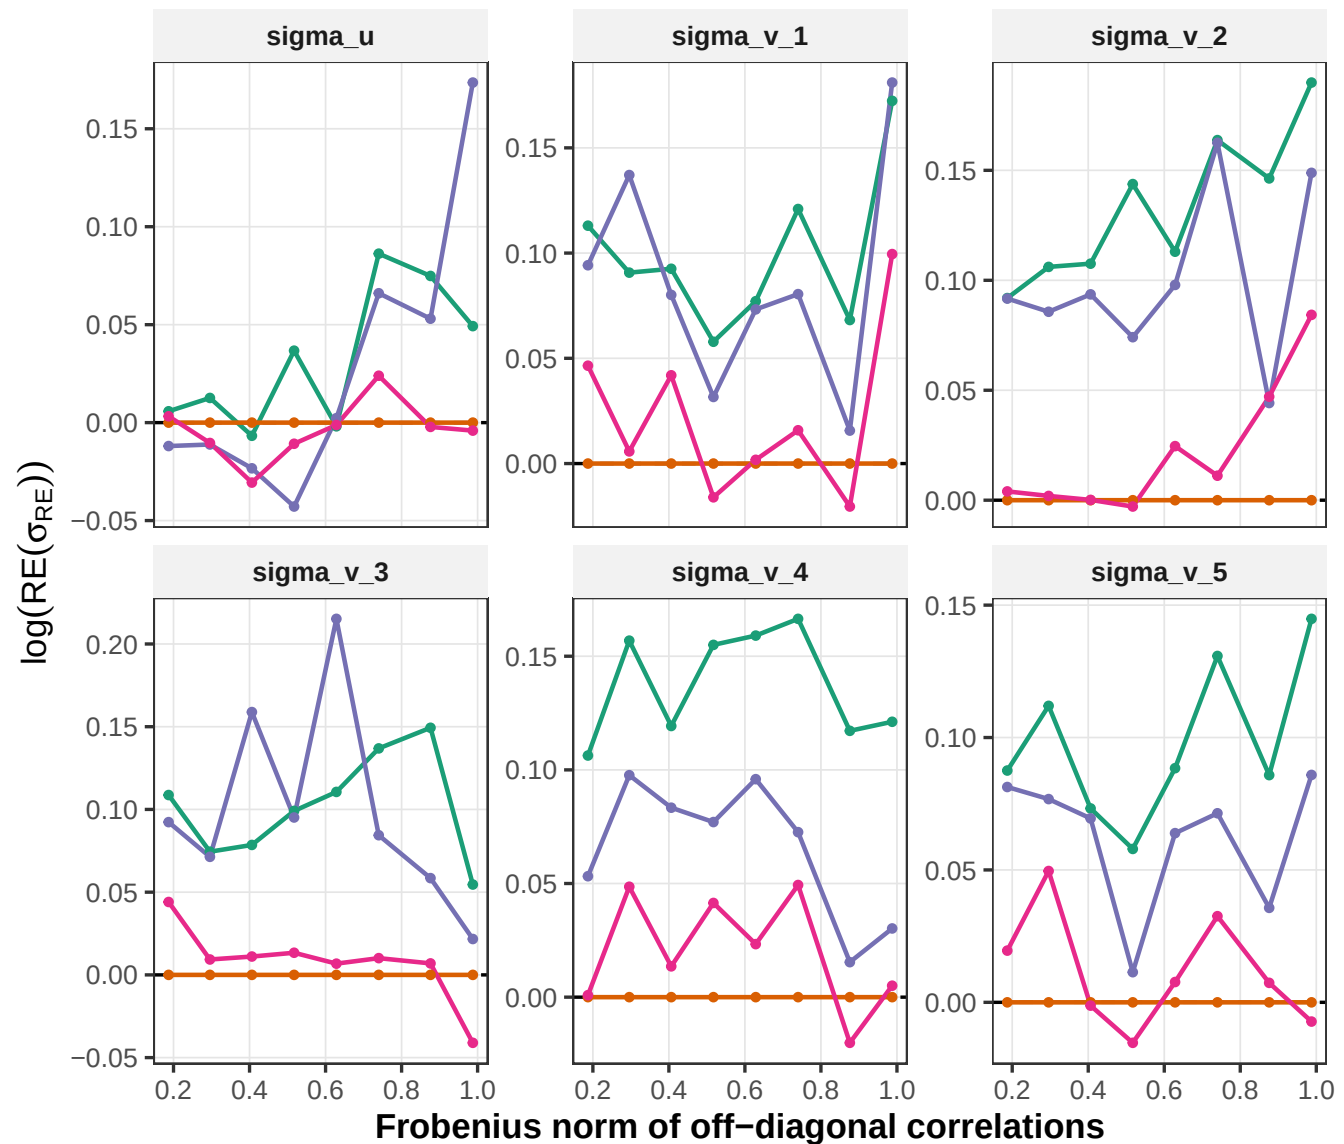

Absolute bias of random-effect σ estimates

CC_UN FULL_UN MICE_UN OBS_UN

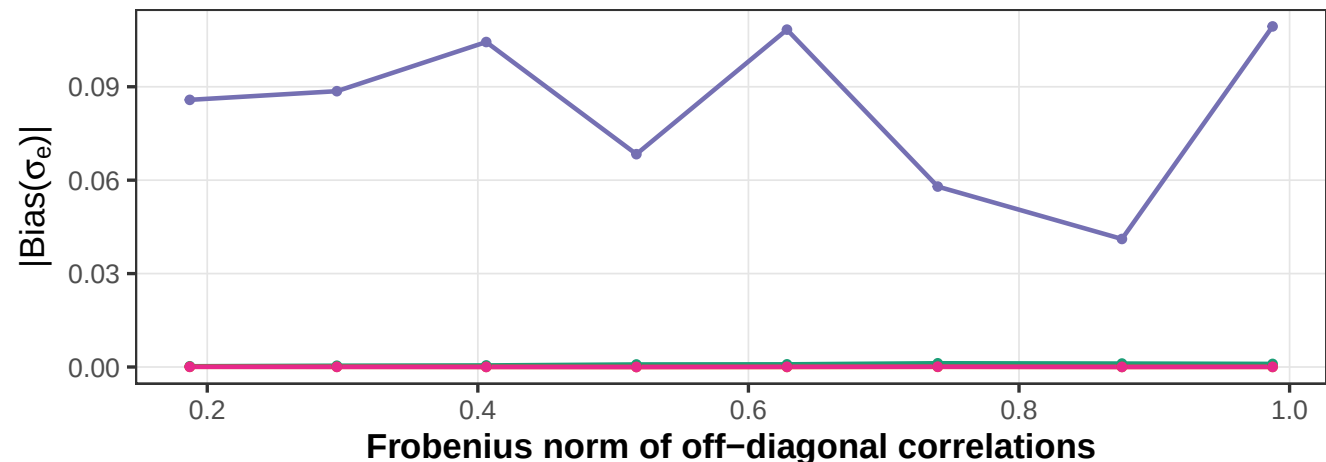

efficiency of random-effect SD estimates vs FULL_UN across corr

CC_UN FULL_UN MICE_UN OBS_UN

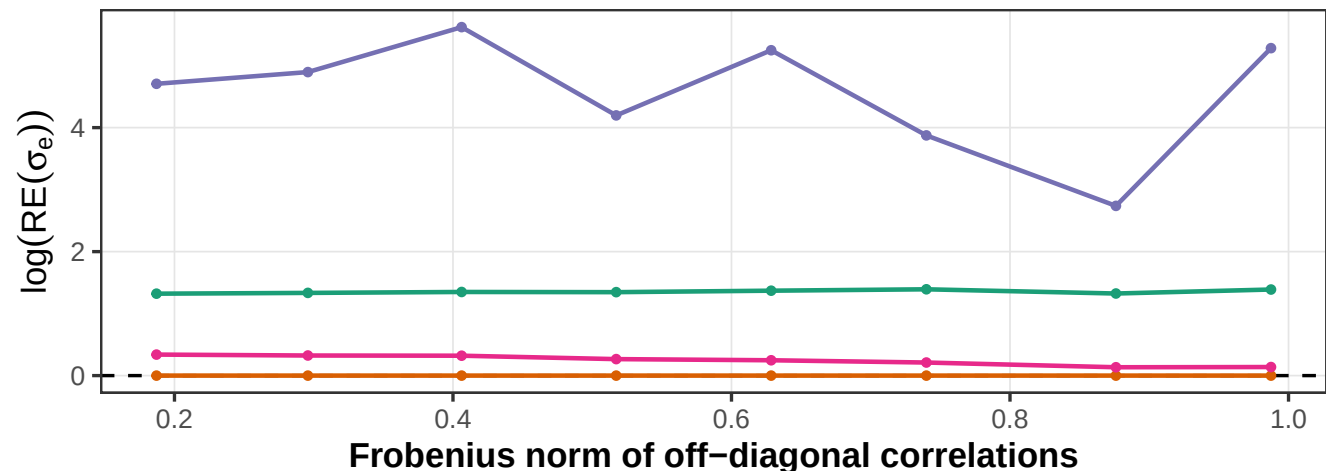

Absolute bias of residual σ_e estimates

CC_UN FULL_UN MICE_UN OBS_UN

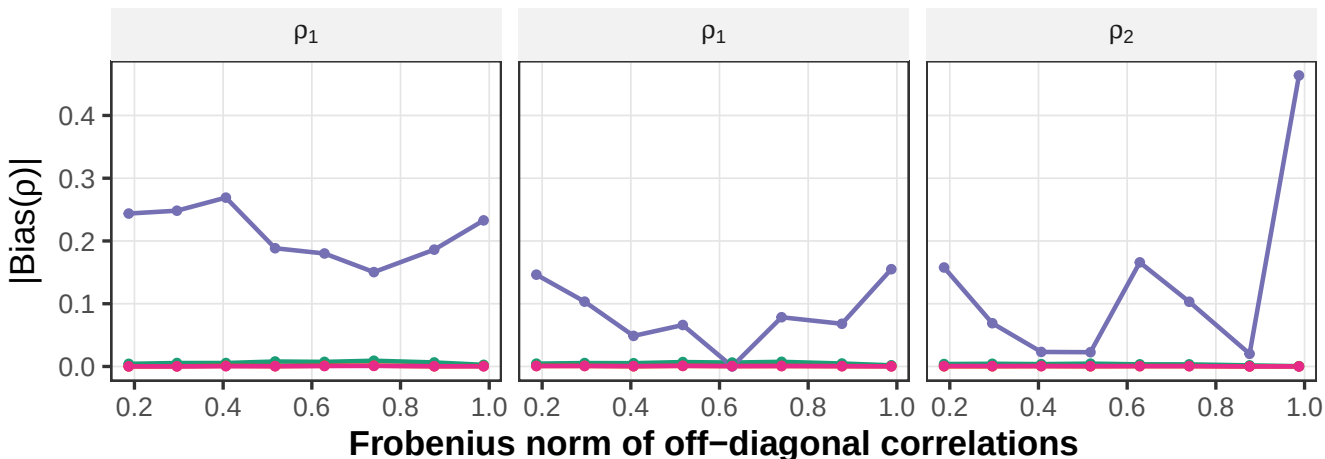

the efficiency of residual SD estimates vs FULL_UN across correlation

CC_UN FULL_UN MICE_UN OBS_UN

Absolute bias of off-diagonal ρ estimates

CC_UN FULL_UN MICE_UN OBS_UN

Accuracy of off-diagonal correlation estimates vs FULL_UN across co

CC_UN FULL_UN MICE_UN OBS_UN
